WEEKLY REPORT

STUDENT NAME

JUHI DEORE

OVERALL SUMMARY

The student completed all weekly challenges except studying Microprocessors and COA Module 4. They spent time on coding, public speaking, and quizzes, earning 100 coins. Their mood varied, with an overall neutral to slightly low tone, and they enjoy tech websites.

COINS COLLECTED

220+

MENTAL HEALTH

The student spent 5 hours in a study room with a mood ranging from sad to neutral. They journaled 3 days, reflecting neutral to fearful emotions, and spoke to the chatbot for 15 minutes, showing no signs of severe distress.

UPSKILLING

The student dedicated 30 minutes to public speaking help, spent 5 hours on a coding platform earning 52 coins, and played a quiz game, uploading 4 modules to earn 48 coins.

WEEKLY CHALLENGES

The student successfully completed the swim, 4 coding challenges, a study room session, and a tech article but did not finish studying Microprocessors and COA Module 4.

WEBSITES LOVED

The student enjoys Daily.dev for developer news, Hindustan Times for updates, and GeeksforGeeks for learning about DFS in graphs.
